

COMMUNITY SUPPORT

The aim of the Community Support program is to allow both those requiring assistance and those offering services within the community to have a single point of contact who will coordinate the support. This support can be accessed by anyone who would benefit including single parents, immune compromised, sick, elderly and/or those quarantined. Please contact Maddy and provide information on how you can assist, or what type of assistance you would benefit from.

Types of support could include, but are not limited to:

- Delivery of food, medication and mail
- Providing local produce (free or at a cost)
- Offering virtual classes and entertainment
